

Catalog Supplement

JANUARY/FEBRUARY 1978

Price: \$1.00

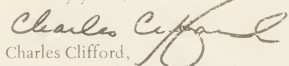

Dear Customer and Friend:

Thank you for your response to our December Color Catalog and our recent January, 1978 Catalog Supplement. If you will take a few moments to compare this Supplement to the last you will note several rarities "missing". Among the "missing" are the 1878 Seven Feather Proof Morgan Dollar, the Gem Proof Four-Dollar Stella, the exceedingly rare pattern Amazonian dollar, and quite a few of the Gem Proof gold coins, plus many others.

The point is this—our experience tells us that when the market for rarities is strong the entire market is strong. We have said recently that we feel coin prices are on the verge of another upward adjustment. Nothing in recent market activity has dissuaded us from this opinion.

Schedule your purchases for early in the year: market prices will certainly change as time goes by.

Cordially yours,

Charles Clifford,
Customer Service Representative

Commemorative Halves

Choice Brilliant Uncirculated (60+)

A Commemorative issue which has seen no circulation and has full luster. The coin will be completely as struck. The coin may have bagmarks which were acquired through normal handling through the years.

Commemoratives in this grade are of better than average quality uncirculated specimens.

Gem Brilliant Uncirculated (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned.

Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.
